International ARCHIBUS Users' Conference

Re-Imagining Real Estate, Infrastructure, and Facilities Management

- Strengthen Decision-Making with Dashboards
- Improve Emergency & Risk Management
- Leverage Green Building Tools
- Enable Continuous Operational Improvement
- Network with Other Thought Leaders
- Increase Collaboration with Web Services
- Accelerate Enterprise Adoption

The #1 Conference in the World for Total Infrastructure and Facilities Management

Introducing the Revolutionary V.19 “Run Anywhere” Platform for the Do-Anything Manager. And Much More.

This year’s Conference adds a new element of excitement: the V.19 Run Anywhere Suite featuring new Web-based Energy Management, Environmental Sustainability Assessment, Hoteling, Asset Portal, and Smart Client applications. This transformational product enables all ARCHIBUS programs to communicate using Web Services for greater on-site and remote collaboration, as well as for more economical operations.

Educational Tracks: Low-Cost, High Payback

Learn how to achieve your business process improvement goals for the results your organization is demanding. Topics explain how to:

- Extend the ARCHIBUS footprint for organizational transformation
- Rapidly deploy ARCHIBUS for immediate Time-to-Value results
- Drive energy-saving programs and sustainability initiatives
- Plan real estate portfolio and capital project investments for effective asset management
- Create innovative uses and reporting with the ARCHIBUS suite
- Manage the capital asset cycle for building operations, condition assessment, and capital projects
- Deliver tangible results that are visible to the C-Suite
- Integrate with ERP, GIS, BAS, BIM, and mobility solutions for improved processes & reporting

Top Users Share Their Strategies and Tactics

You’ll hear presentations from leading-edge organizations making market-leading advances with ARCHIBUS, including:

- UNUM: Enterprise Information Modeling, ARCHIBUS Integration, and BIM
- New York Presbyterian Hospital: Delivers Extensive, Intensive FM Care with ARCHIBUS
- A Major Government Agency: Manages Space in the Shadows—Complementary Technologies and Personal Perspectives
- Providence Health System: Improves Results, and Medicare Reimbursements
- National Resources Canada: Increases Funding with Comprehensive Condition Assessment
- Sarasota County School Board: Uses Capital Planning to Achieve Long-Term Goals
- Advanced Micro Devices (AMD): The Importance of User Support & Data Governance to Enterprise Success
- And many more...

Thought Leadership Panels and Workshops

Learn from ARCHIBUS experts in key market segments about the challenges they’ve faced and how they’re solving them with creative leadership and a range of ARCHIBUS applications.

- Education
- Healthcare
- Government
- Real Estate
- Building Operations & Capital Asset Management

Technical Overviews on Sunday
